Required exact-artifact checks

- ☐ Question PDF opens and its checksum matches.
- ☐ Solution PDF opens and its checksum matches.
- ☐ Combined learner pack opens and its checksum matches.
- ☐ No review-only warning, internal audit ID or raw source markup is visible.
- ☐ All pages, equations, options and figures are legible and unclipped.
- ☐ Question numbering, answer key and detailed solutions align for all 65 positions.

Required attestation (type exactly):

I verified the exact Set 01 RC1 question, solution and learner-pack PDFs identified by these checksums and authorize this candidate for release, subject to separate pricing and storefront activation.

Typed signature

☐ AUTHORIZE THIS EXACT RC1 CANDIDATE FOR RELEASE

Final comments (optional)

This authorization does not set a price, enable checkout, or authorize sale.
