Reviewer-metadata inconsistency requiring resolution

Batch 001 records 'Masters in Electrical Engineering'; Batches 002-005 record 'Diploma in Electrical Engineering'. Verify your true qualification. Do not select the box until the value typed above is accurate; explain the correction below.

☒ I reconfirmed the accurate qualification and resolve the inconsistent historical metadata.

Correction / confirmation note

My correct qualification is Diploma in Electrical Engineering. The earlier Batch 001 entry stating Masters in Electrical Engineering was incorrect.

Per-question procedure

- Content: stem, options, marks, type, numbering and section are complete and readable.
- Answer/Solution: the solution PDF matches the question and gives the certified answer.
- Visual: notation, page layout and any figure are legible and not clipped or overlapped.
- Select exactly one decision. Explain every REVISE or REJECT in Notes.
